## Escalating Chronic Kidney Disease in North Central Province: A Plan of Action to Eradicate it From Sri Lanka

The following document is a proposed plan of action by the \*Foundation, aimed at controlling widespread water and soil pollution in the North Central Province (NCP) of Sri Lanka and the resulting epidemic of Chronic Kidney Disease (CKD), which is responsible for killing thousands of people every year. The number of deaths and costs for managing this disease are markedly escalating. It details six projects (projects 1, 2, 3 & 6 are prioritized) the Foundation sees as crucial steps to reversing CKD epidemic.

### Six Sub-Projects to Achieve the Foundation's objectives:

- Project 1: Educating all health professionals in the affected areas in Sri Lanka [Budget US \$33,280]**
- Project 2: Provide & educate use of water quality measurement devices [Budget: \$22,000]**
- Project 3: Educational & increase awareness campaign; printing col. posters [Budget: \$50,000]**
- Project 4: Poverty alleviation, job creation, disease prevention, impro. nutrition [Budget: \$500,000]**
- Project 5: Develop and fund network-relevant CKD-mfo research for local scientists [Budget \$400,000]**
- Project 6: Purchase, install, & maintain reverse osmosis water purification plants [Budget: \$5.0 mil.]**

## PHEPRO Foundation: A Unified Organization to Overcome the Chronic Kidney Diseases of Multi Factorial Origin in Sri Lanka

**The Preventive Health, Environmental Protection, and Research Organization (PHEPRO.org)** consists of several individuals, organizations and corporations interested in eradicating CKD-mfo in Sri Lanka. Until the Prepro.org is fully functional, WETF and HBP will manage accounts and the project. These two organizations will take the leadership with, the Dhamavijaya Foundation (DVF) and others, implementing this important humanitarian program. In addition to quarterly account reports by CPA, accounts will be audited in USA and in Sri Lanka by reputed audit-firms.

Your financial support is critical in helping us to carry out the six projects described in face page: provide education, clean water, relief to thousands who either have or are at risk of contracting this deadly disease, CKD of multi-factorial origin in Sri Lanka. Prepro.org expects ~15% overhead.
